- › Academic subjects: Introductory subjects related to undergraduate and graduate studies.
- › Experiential subjects: Courses, workshops, languages and activities that are not related to undergraduate studies. A maximum of 6 ECTS may be taken from this block.

Between these 2 blocks of subjects, the following combinations are possible:

- › 4 introductory academic subjects and 1 undergraduate subject. **This combination is recommended for access to undergraduate studies after the IFP.**
- › 5 introductory academic subjects.
- › 3 introductory academic subjects, 1 undergraduate subject and 6 ECTS in experiential subjects (language, workshops, etc.).
- › 4 introductory academic subjects and 6 ECTS in experiential subjects (language, workshops, etc.).

***If you want to enter undergraduate studies after the International Foundation Program, it is important to note the following:**

- › Each introductory subject is related to Degrees of different areas of knowledge. In the requirements for access to a Bachelor's Degree (paragraph below of Access to a Bachelor's Degree), you can consult which subjects are related to each Degree.
- › **It is advisable to take and pass, at least, 6 ECTS in undergraduate courses.**
- › Experiential and complementary subjects are not taken into account for admission to the Bachelor's Degree.
